Aero™ — Easy listening

Aero™ — Reaching new heights

PHONAK
hearing systems

Aero™ – Personalized technology

Aero – three hearing instruments in one
Aero multiple hearing programs ensure easy listening in all situations. You can even choose specific programs for using the telephone or enjoying music.

Aero – comfort and speech understanding even in noise
Excellent performance in noise is a Phonak hallmark. The high resolution digital Noise Canceler suppresses disturbing background noise and in combination with “Zoom” microphone technology, significantly improves speech understanding.

Aero – convenient to use
Convenience is ensured with such features as “beep signals” to indicate hearing program changes and low battery, flexible volume control plus automatic selection of your preferred program after switching on.

Aero™ – Pure sound enjoyment

Aero™ – No limits

Aero offers a complete range of instruments.
