hearing systems

miniValeo™

Good things come in small packages

From the product line that offers the **ideal combination** of **performance and convenience** comes a new hearing instrument that adds yet another benefit to the equation: it is **nearly invisible on the ear!**

miniValeo, the new member of the Valeo family, has so many features you won't believe they fit inside such a miniature device!

Nearly invisible appearance

- Miniature size provides discretion without compromising performance
- Slim tube option makes the hearing instrument almost invisible
- New high tech colors, such as transparent black, add appeal

Unrivalled comfort and flexibility

- miniValeo is easy to operate and comfortable to wear
- A choice of up to three hearing programs for all situations and preferences
- Open fitting option without earmold prevents clogged feeling and provides natural sound and ultimate comfort

Superb sound quality in all listening situations

- Clear, natural sound thanks to SoundSelect digital technology
- Hear what you want to hear with directional microphones
- High resolution noise cancelation for comfortable listening even in noisy places
- Wind and Weather Protector reduces disturbing wind noise to restore the enjoyment of outdoor activities

miniValeo is so small, it's nearly invisible on the ear!

All the advantages of a modern digital hearing system in a truly miniature format.

miniValeo™

miniValeo™

- Small in size
- Unrivalled in comfort
- Clear in sound

Phonak is renowned for its long-standing commitment to designing advanced hearing systems that offer top performance and meet your needs and budget.

miniValeo ensures an ideal combination of **superb sound quality** and **unrivalled comfort and flexibility** – and it's **nearly invisible on the ear!**

1:1

miniValeo 101 AZ in actual size,
with clear hook and Fit'nGo Slim tube.

The Phonak Group specializes in the design, development, production and worldwide distribution of technologically advanced hearing systems. The combination of expertise in hearing technology and strong cooperation with hearing healthcare professionals allows Phonak to make a substantial improvement in the quality of life, especially of individuals with hearing impairment.

Today, with multiple brands, the Phonak Group offers a complete range of digital hearing instruments, along with high tech speciality products and complementary wireless communication systems. With more than 2,500 employees worldwide, the Phonak Group is one of the technology leaders in the industry.
